WELCOME TO ANIME EXPO 2012!

I would like to personally welcome each and every one of you to Anime Expo 2012. It is sure to be an extraordinary experience that will be enjoyable for all. Looking back, it has been quite the journey. From the small anime club at UC Berkeley in 1990, to the record setting attendance of more than 125,000 fans for Anime Expo 2011, we have set the bar very high.

We hope to clear that bar and amaze you even more! You will have the rare opportunity to meet and hear from some of the most famous people in anime, manga, video games, music and fashion. You can take part in exclusive screenings, artists' panels, live concerts, karaoke, AMV competitions, non-stop video gaming and unsurpassed shopping from more than 200 vendors.

New for 2012, we are introducing new programming, events and maybe a few surprises. One of the most noted is Lounge 21, Anime Expo's first adult lounge complete with entertainment and adult refreshments. Also, the addition of fashion guests & shows and a larger than ever Artist Alley & Exhibit Hall will enhance this year's experience. There is more... but I don't want to ruin the surprise.

On a more solemn note, one of our members passed away earlier this year. Thomas Abdoyan was with us for the better part of 10 years, serving this convention and ultimately contributing to the betterment of the anime community. When you attend this year's AX I'd like you to keep in mind the people who make this convention great. I can see no greater praise than for all the fans to take a moment and remember Thomas, as well as all the passionate volunteers who work to make this event truly something special. Thank you Thomas, we miss you.

Lastly, we are thankful for each and every one of you that have made AX what it is today. Without you we would have never come this far. Paraphrasing from Gurren Lagann, "Believe in me, who believes in you." To our devoted fans: we believe in you, thank you for believing in us.

With great respect,

Marc H. Perez
Chief Executive Officer
Society for the Promotion of Japanese Animation

MAGAZINE

American Otaku Unite!

We know you're out there. Sifting through bins of manga at the dealer tables at Anime Expo. Spending a weekend in a cool, dark movie theater at the con. Taking a sick day from work to add the finishing touches to your cosplay costume.

You're American Otaku, and you're damn proud of it!

OTAKU USA is the magazine, and website, for you. **OTAKU USA** is the independent magazine that gives a strictly American view of the best, brightest, coolest Japanese Anime, Manga, Cosplay, Gaming, Music, and all of J-Pop.

We're not affiliated with any of the large Manga or Anime companies. We're independent, we're American, and damn it, we're going to tell it like it is!

All brought to you in a big, glossy, magazine, complete with an additional 32 pages of Manga previews. Conceived and written by editor Patrick Macias, who commutes between Japan and San Francisco, bringing you firsthand what's happening on the streets of Tokyo.

So, the time has come. American Otaku Unite!

Do you need a ticket to watch a Main Event?

Yes. In addition to a valid Anime Expo® attendee badge, registered attendees will need an additional Main Event ticket to enter events held in the Main Events Hall. Due to the high attendee interest and limited space, all concerts, the AX Masquerade and the AX Anime Music Video Contest will require individual tickets for admission. Tickets are available for sale online through the TicketLeap website (<http://anime-expo.ticketleap.com/>) and will be available for sale during the convention at the Main Events Ticketing Booth in the West Hall Alcove.

Which Main Events require a ticket to attend this year?

Friday, June 29th	5:30pm-6:30pm	Animetal USA Concert
Friday, June 29th	9:00pm-12:00am	AX Anime Music Videos Contest
Saturday, June 30th	7:00pm-8:00pm	Yuki Kajiura/FictionJunction Concert
Sunday, July 1st	2:00pm-3:00pm	LiSA Concert
Sunday, July 1st	8:00pm-12:00am	AX Masquerade

Who is eligible to obtain tickets?

Only registered Anime Expo® attendees with valid badges for the day of the event are eligible to obtain tickets for the ticketed Main Events. When purchasing tickets, all attendees are required to enter a valid badge ID into the TicketLeap system for each purchased ticket.

Please note that Main Event tickets will be tied to an individual attendee badge. You will need to have both the matching attendee badge and the Main Event ticket before being allowed into the event.

Do I have to pay to get a ticket?

No. Attendees with valid badges for the day of the event have the option to wait in a Standby Line to get remaining unsold tickets to a Main Event for free. Waiting in a Standby Line does **not** guarantee a ticket; distribution of tickets to the Standby Line will be limited to the number of tickets available. Purchasing a ticket has many benefits such as guaranteed entry, earlier entry into the venue, preferred seating and not having to wait in the Standby Line while another event is happening.

What is the Standby Line?

The Standby Line is an option for attendees to get any unsold/available tickets to Main Events for free. Attendees can wait in the Standby Line beginning four hours before the start of each event; the Standby Line will be formed outside of West Hall* near the Main Events Ticketing Booth. Waiting in the Standby Line does **not** guarantee a ticket as there will be a limited number of tickets distributed.

Attendees interested in a particular event are recommended to purchase a ticket to guarantee entry.

***PLEASE NOTE:** Location of Standby Line subject to change. Location will be posted at the Main Events Ticketing Booth during the convention.

Where do I buy tickets?

Tickets can be purchased online at the TicketLeap website as events are announced, and will also be available during the convention at the Main Events Ticketing Booth in West Hall Alcove. At-con ticket purchases can be made with cash, debit or major credit cards. Please bring corresponding photo ID if using credit or debit cards. To access the TicketLeap website, please go to the following url: <http://anime-expo.ticketleap.com/>

How much are tickets?

Ticket Prices can be viewed online at <http://anime-expo.ticketleap.com/> & at the AX Main Events Ticketing Booth.

Please note that TicketLeap has an additional online ticketing charge of \$2 per ticket. Ticket purchased onsite at the Main Events Ticketing Booth will have an additional ticketing charge of \$1 per ticket. This charge does not apply to free tickets.

For further polices please visit the Anime Expo Main Events Ticking Booth or on the Anime-Expo.org website.

- * Information you provide – When you register as an attendee for Anime Expo® or other Anime Expo® service or promotion that requires registration, we ask you for personal information (such as name, email address, physical address, etc.). For certain services, such as our pre-registration process, we also request credit card or other payment account information that we maintain in encrypted form on secure servers. We may combine the information you submit under your account with information from other Anime Expo® services or third parties in order to provide you with a better experience and to improve the quality of our services. For certain services, we may give you the opportunity to opt out of combining such information.
- * Log information – When you access Anime Expo® services, our servers automatically record information that your browser sends whenever you visit a website. These server logs may include information such as your web request, Internet Protocol address, browser type, browser language, the date and time of your request and one or more cookies that may uniquely identify your browser.
- * User communications – When you send email or other communications to Anime Expo® and its representatives, we may retain those communications in order to process your inquiries, respond to your requests and improve our services.
- * Affiliated sites – We offer some of our services in connection with other web sites. Personal information that you provide to those sites may be sent to Anime Expo® in order to deliver the service. We process such information in accordance with this Privacy Policy. The affiliated sites may have different privacy practices and we encourage you to read their privacy policies.
- * Links – Anime Expo® may present links in a format that enables us to keep track of whether these links have been followed. We use this information to improve the quality of our search technology, customized content and advertising.
- * Other site – This Privacy Policy applies to Anime Expo® services only. We do not exercise control over the site displayed as search results or links from within our various services. These other sites may place their own cookies or files on your computer, collect data or solicit personal information from you.

Anime Expo® only processes personal information for the purposes described in the Privacy Policy and/or the supplementary privacy notices for specific services. In addition to the above, such purposes include:

- * Providing services to users, including the display of customized content and advertising;
- * Auditing, research and analysis in order to maintain, protect and improve our services;
- * Ensuring the technical functioning of our site; and
- * Developing new services

Anime Expo® processes personal information on servers in the United States of America and in other countries. In some cases, we process personal information on a server outside the country. In some cases, we may process personal information on behalf of and according to the instructions of a third party, such as our advertising partners.

Choices for Personal Information

When you sign up for a particular service that requires registration, we ask you to provide personal information. If we use this information in a manner different than the purpose for which it was collected, then we will ask for your consent prior to such use.

If we propose to use personal information for any purposes other than those described in the Privacy Policy and/or in the specific service policy notices, we will offer you an effective way to opt out of the use of personal information for those other purposes. We will not collect or use sensitive information for purposes other than those described in this Privacy Policy and/or in the supplementary service privacy notices, unless we have obtained your prior consent.

You may decline to submit personal information to any of our services, in which case Anime Expo® may not be able to provide those services to you.

Information Sharing

Anime Expo® only shares personal information with other companies or individuals outside of Anime Expo® in the following limited circumstances:

- * We have your consent. We require opt-in consent for the sharing of any sensitive personal information.
- * We provide such information to our subsidiaries, affiliated companies or other trusted businesses or persons for the purpose of processing personal information on our behalf. We require that these parties agree to process such information based on our instructions and in compliance with the Privacy Policy and any other appropriate confidentiality and security measures.
- * We have a good faith belief that access, use, preservation or disclosure of such information is reasonably necessary to (a) satisfy any applicable law, regulation, legal process or enforceable governmental request, (b) enforce applicable Terms of Service, including inves-

LEGAL & PRIVACY POLICY

tigation of potential violations thereof, (c) detect, prevent, or otherwise address fraud, security or technical issues, or (d) protect against imminent harm to the rights, property or safety of Anime Expo®, its users or the public as required or permitted by law. If Anime Expo® becomes involved in a merger, acquisition, or any form of sale of some or all of its assets, we will provide notice before personal information is transferred and becomes subject to a different privacy policy. We may share with third parties certain pieces of aggregated, non-personal information, such as the number of users who searched for a particular term, for example, or how many users clicked on a particular advertisement. Such information does not identify you individually.

Information Security

We take appropriate security measures to protect against unauthorized access to or unauthorized alteration, disclosure or destruction of data. These include internal reviews of our data collection, storage and processing practices and security measures, as well as physical security measures to guard against unauthorized access to the systems where we store personal data.

We restrict access to personal information to Anime Expo® employees, contractors, agents which need to know that information in order to operate, develop or improve our services. These individuals are bound by confidentiality obligations and may be subject to discipline, including termination and criminal prosecution, if they fail to meet these obligations.

Data Integrity

Anime Expo® processes personal information only for the purposes for which it was collected and in accordance with this Privacy Policy or any applicable service-specific privacy notice. We review our data collection, storage and processing practices to ensure that we only collect, store and process the personal information needed to provide or improve our services. We take reasonable steps to ensure that the personal information we process is accurate, complete, and current, but we depend on our users to update or correct their personal information when necessary.

Accessing and Updating Personal Information

When you use Anime Expo® services, we make good faith efforts to provide you with access to your personal information and either to correct this data if it is inaccurate or to delete such data at your request if it is not otherwise required to be retained by law or for legitimate business purposes. We ask individual users to identify themselves and the information requested to be accessed, corrected or removed before processing such requests, and may decline to process requests that are unreasonably repetitive or systematic, require disproportionate technical effort, jeopardize the privacy of others, or would be extremely impractical (for instance, requests concerning information residing on backup tapes), or for which access is not otherwise required. In any case where we provide information access and correction, we perform this service free of charge, except if doing so would require a disproportionate effort. Some of our services have different procedures to access, correct or delete users' personal information.

Enforcement

Anime Expo® regularly reviews its compliance with this Privacy Policy. Please feel free to direct any questions or concerns regarding this Privacy Policy to Anime Expo®'s treatment of personal information by contacting us on our website.

When we receive formal written complaints, it is Anime Expo®'s policy to contact the complaining user regarding his or her concerns. We will cooperate with the appropriate regulatory authorities, including local data protection authorities, to resolve any complaints regarding the transfer of personal data that cannot be resolved between Anime Expo® and an individual.

Changes to this Privacy Policy

Please note that this Privacy Policy may change from time to time. We will not reduce your rights under this Privacy Policy without your explicit consent, and we expect most such changes will be minor. If the changes are significant, we will provide a more prominent notice (including, for certain services, email notification of the Privacy Policy Changes).
